Letter No. 3465

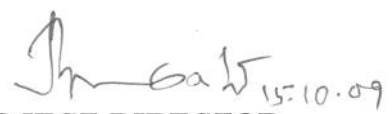

Dated. 15/10.2009

Dear Shri S.K.Panda

I am happy to inform you that the efforts made by GIS Division, NIC, Bhubaneswar in collaboration with NIC, District Unit, Koraput to develop a **“GIS Based Grass-Root level Rural Development Planning for Koraput district”** is praise worthy. I am very much impressed upon the way GIS Division presented and explained elaborately the concept, utility and advantage of GIS and how it helps in decision support system in other districts where it is already developed. Through presentation of Ganjam and Nuapada districts of Orissa, they explained how the district administration is using GIS in their districts for monitoring and implementing various plans and schemes at different level.

I would like to appreciate the performance of the whole team comprising of Dr.(Mrs.) M Routray, Scientist-E, Head, GIS Division, Shri B.K.Samal, Scientist-C of NIC, Bhubaneswar and Mrs S. Prusty, DIO Koraput for taking initiative to develop GIS for the district. Hope, with their help we will be able to complete and implement the Web-Based GIS application for Koraput district very soon.

Yours Sincerely,

PROJECT DIRECTOR

To

Sri S.K.Panda
SIO & Sr. Tech. Director
NIC, Bhubaneswar.
